Thanks, Glen. I saw it on the news this morning. I emailed Brian Moore at PADEP SC to see if they responded, haven't heard back from him yet.

See you tomorrow!

REPORT 15 - 105

SPOT REPORT: Update 1

CIR(s) TRIGGERED: #10 Activation or deployment of HAZMAT teams within the Region in conjunction with evacuation or shelter in place orders to the population or any HAZMAT incident where the EPA emergency condition reaches "Limited" threat to population or property

#12 Fires in urban areas within the Region that reach three (3) alarms.

Forest and rural areas fires that trigger additional CIRs

STATE: Pennsylvania

INCIDENT: HAZMAT/Fire

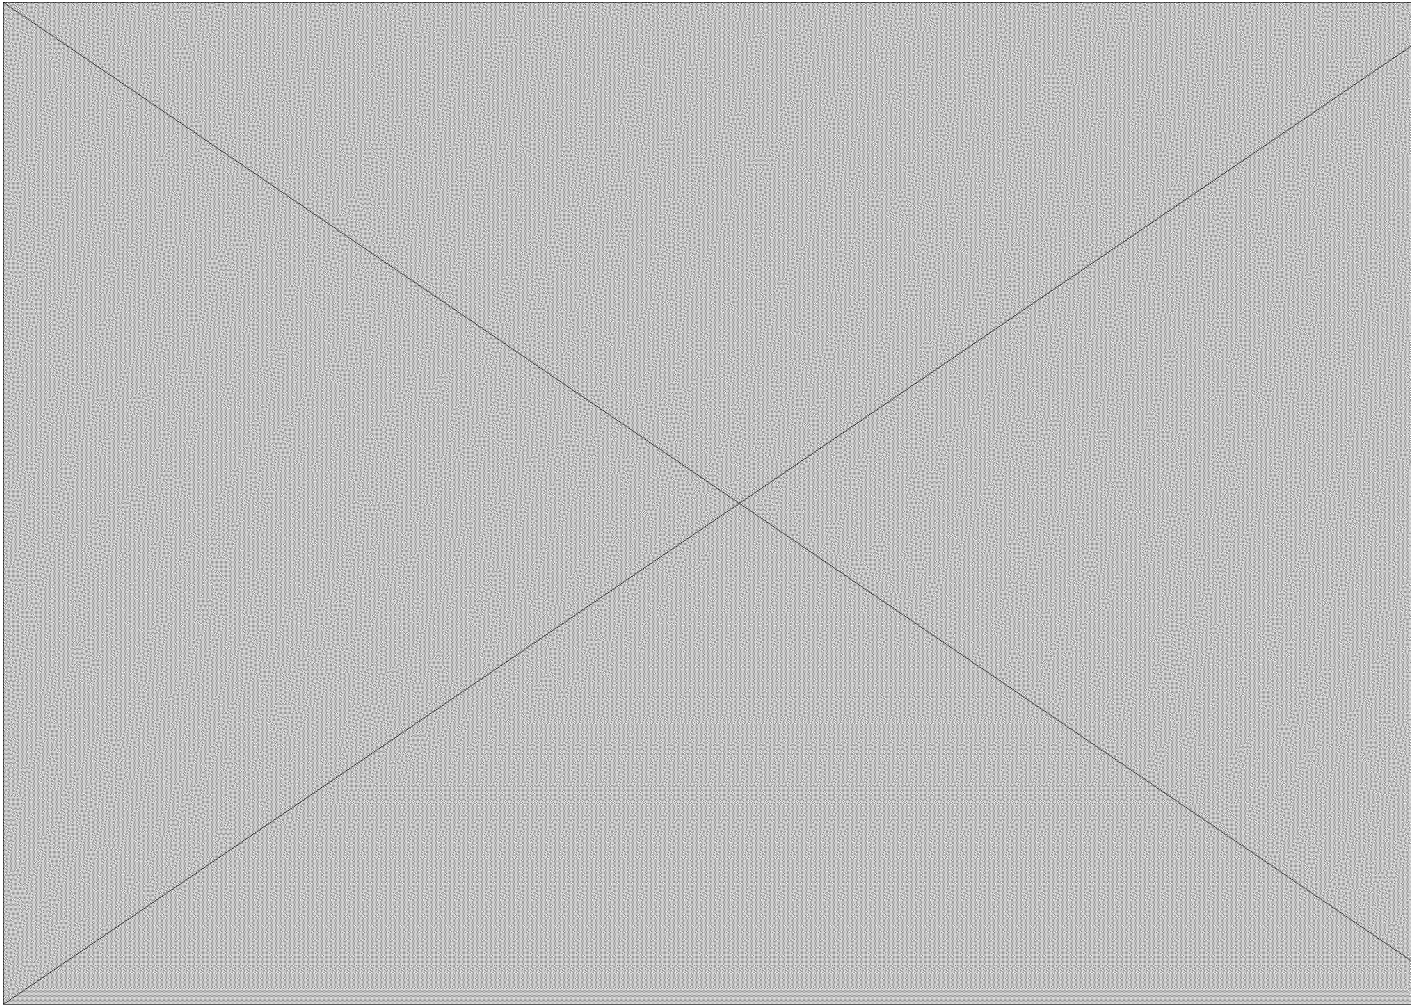

INCIDENT DATE/TIME: Monday, June 08, 2015 / 08:05am

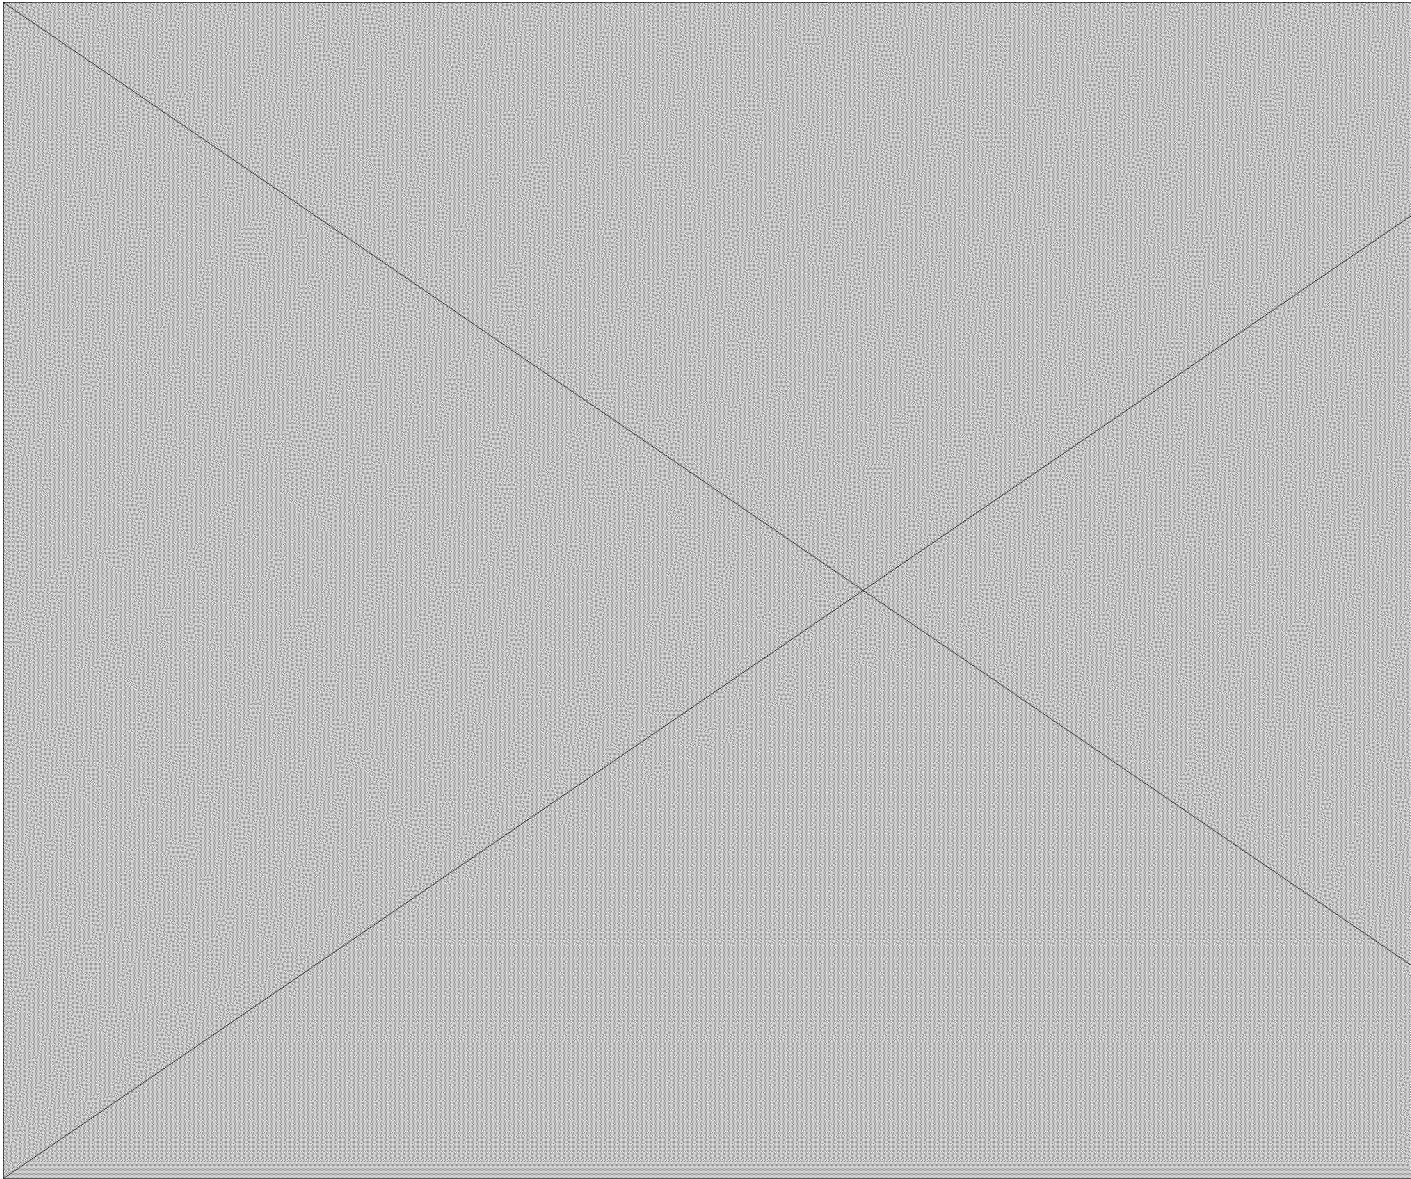

INCIDENT DESCRIPTION:

(Updates in Red)

York and Cumberland County HAZMAT teams is assisting, PSP Fire Marshal is on scene. The smoke and chemicals at the site are reported to be non-toxic. The facility re-packages material, they do not manufacture, a critical care facility is in the affected area. The shelter in place order remains in effect. Businesses and schools in the affected area will be closed. There are no unmet needs

Media sources indicate that fire and hazardous materials crews are on the scene of a five-alarm industrial fire at the Miller Chemical and Fertilizer Corporation plant, located in Conewago Township (population 7,085), Adams County. PEMA reports a Shelter-in-Place order is in effect for the surrounding area. The fire started around 3:30 a.m. There are no initial reports of injuries. DHS National Infrastructure Coordinating Center reports Miller Chemical manufactures non-hazardous crop protection and nutritional agrochemicals.
